Emily Johnson

Dear Parent/Guardian,

Washington County School Board would like to thank you for trusting us to transport your children to and from school on a daily basis. This school district covers over 600 square miles and serves over 3,000 students. We take great pride in the role that our transportation department plays in your child's education.

At this time, the entire state of Georgia is experiencing a bus driver shortage. Washington County is not exempt from this issue. This shortage has impacted student arrival times to school in the morning and from school in the afternoon.

If you have a question about this please contact your child's school first. They will have the most current information about your child's arrival and departure times. If it is after school hours, please contact the transportation office directly at 478-552-6162. If you are unable to communicate with a representative in our transportation department, please contact the Board of Education at 478-552-3981.

We are currently looking into all of the options available to us. We appreciate your patience as we improve this process. We will continue to communicate with you as things change. Your child's safety and education remain top priorities.

Thank you,

Dr. Rickey L. Edmond
Superintendent
